1962 PRICE LIST

Hello Folks- Here we are again with our Thirty-ninth season prices. Our long growing season for 1961 produced a fine crop of roots. All our dahlias are Penna. State Inspected. We offer many new Foreign and Domestic dahlia varieties in addition to our standard exhibition dahlias. All roots guaranteed to be healthy, true to name or replaced free. Quality at the lowest price.

Catalogues- Former patrons will receive our catalog free. Ever increasing costs has made it necessary to charge 10c for catalog requests. Thousands of catalogues mailed failed to give us an order. As a matter of economy we are compelled to take this action rather than increase our prices. We will repay you by including a free root of our choice on all orders of \$5.00 or more. Selected from our regular list.

Terms- Orders of \$5 or more shipped postpaid. Add 35c to small orders to help pay postage. Penna. orders add 4% sales tax. A deposit on orders appreciated. Full payment should be made before shipment. Give us desired shipping date. We prefer to ship March, April and May.

DOUBLE DWARF BEDDING DAHLIAS

Double dwarfs are most effective by massive plantings of one color. Two contrasting colors in rows of one of yellow and another of red or one row of white and the other of pink are very attractive. Dwarfs are rugged growers. Make good roots. Keep well. Require no stakes.

Frank Soeten. white cactus.-Red Imp. Dec. red.

SINGLE DWARF BEDDING DAHLIAS

We slightly favor the dwarf single somewhat over the double dwarf. Perhaps this is a personal opinion but we find that our visitors agree with us on this point. They are truly unique. Why not try a few of each. Singles spread more readily, retain a 1 ft. height, and are very compact. Pinch out branches once and remove seed-lobes and you will have blooms early and continue until frost.
